science

University lecturer at 21

Today: DevOps and Corporate IT at INAIT

Venezuela, Italy, France, Switzerland

A migrant and father building a life here.

I love my job. I want to build this project with you.

Public AI for every commune

Public AI for every commune

Change one answer. See what changes along your path.

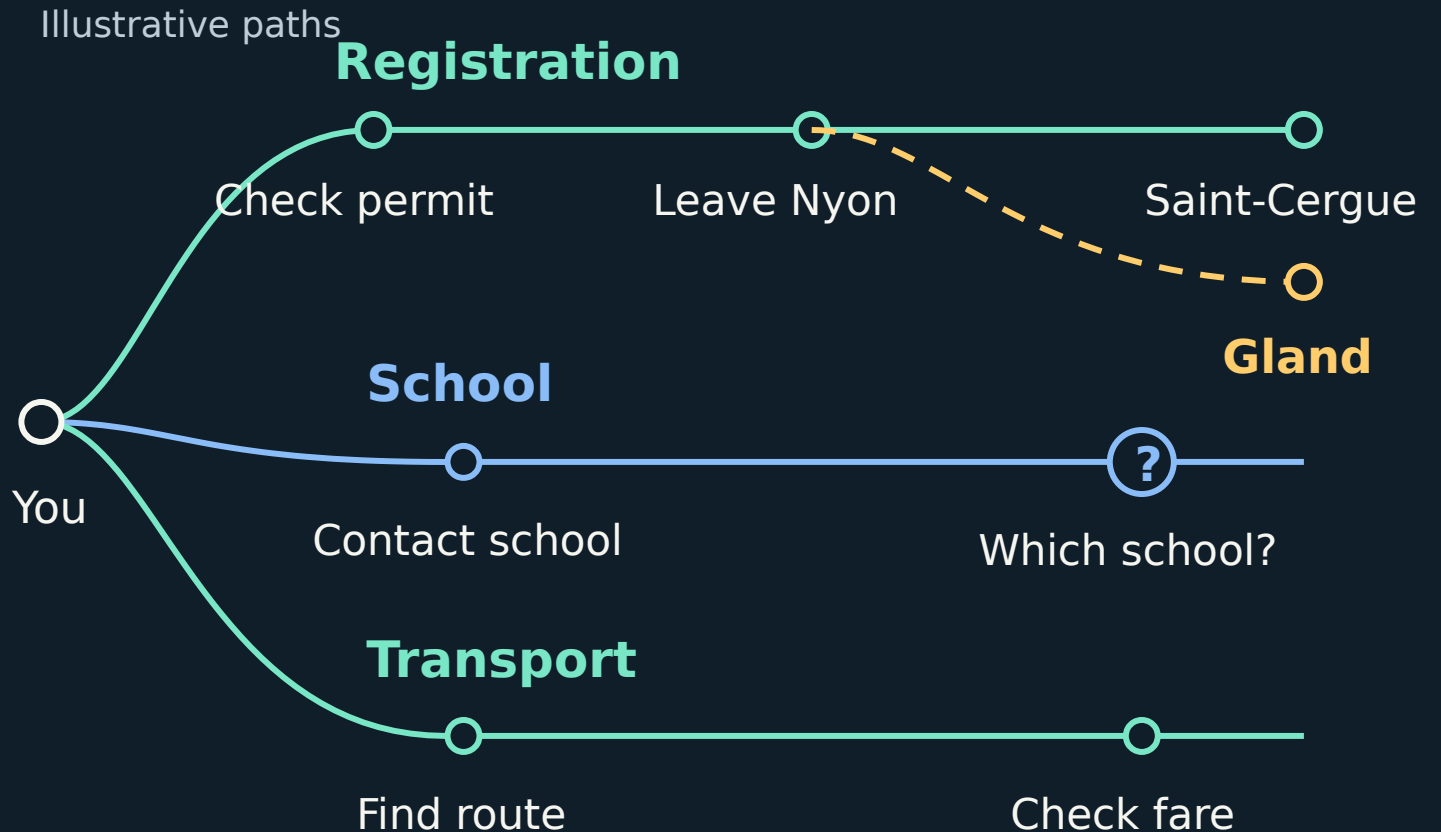

I live in Nyon.
I own my home.
My child is 8.
I am considering

Saint-Cergue.

I hold a B permit.

What if I choose Gland?

**Preview the fork.
Keep or adopt.**

AI proposes the paths. Source links and gaps stay visible. Commune review is still pending.
